Subject: FW: FY16 CERCLA extramural budget projections

See Kelcey's comment on records center funding below. I had informed her that we would need around \$350k to fund the base year of the new contract. We are fully funded through 9/22/16, but we may switch to the new contract before that date if the new contract is in place or after that date if we do an extension. If you learn more about the OSWER funding, please let me know. At some point, Deb and I will need to do a PR.

Thanks,

David Sturn

Subject: RE: FY16 CERCLA extramural budget projections

The color coding is leftover from FY15, will be fixed when we get all the numbers in there...

Records Center funding right now will only be funded by enforcement special account deobs. We were expressed directed not to fund much, if any, records center costs from enforcement money and to have OLEM (OSWER) fund that - k

What is the significance of the color coding? I assume you are handling the records center funding request separately.

Thanks,

David Sturn
